

# Minutes for June 18, 2020

*5rbc.net*

**Meeting was called to order**

**Treasurer Report**

**Memberships –**

**Meeting Minutes**

**Activity Report**

Someone filled out your form, and here's what they said:

**Comments:** I'm looking for a source for beeswax. I make pine needles baskets and coat them with beeswax to help protect, seal and preserve finished baskets. I would like to find a local source to support rather than buying online. My contact info is as follows: Kathy Jones, 541-294-3060 [kqjones42@netscape.net](mailto:kqjones42@netscape.net). I live in Cherokee Village, Arkansas. I would prefer someone who can either accept a credit card or a check as I won't handle paper money during the pandemic. Thanks so much for any help you can give.

# Hey there,

Someone filled out your form, and here's what they said:

**Comments:** Because all of my official travel was suspended earlier this year, I have not able to offer any beekeeping workshops for the last few months. I have been putting together a series of podcast lectures for anyone to download, listen and learn. The first ones are available now, and I will be adding more soon:

<https://www.uaex.edu/farm-ranch/special-programs/beekeeping/BeekeepingBasics.aspx>

Please feel free to share with your local association.

Jon Zawislak
